the State of South Carolina; and for Flexible)	
Regulation; and to Modify the Limitation)	
Concerning the Provision of Private Line and)	
Special Access Services.)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of SCANA Communications, Inc. (SCANA) to file its long distance tariff at the same time as its local tariff is filed.

By Order No. 2001-137, the Commission granted SCANA's application to amend its Certificate of Public Convenience and Necessity to, among other things, allow SCANA to provide local exchange, exchange access, and interexchange telecommunications services. The Order directed SCANA to file its revised long distance tariff within thirty days.

SCANA requests a waiver of the requirement that the long distance tariff be filed within thirty days and that SCANA be allowed to file the tariff at the same time that its local exchange tariff is filed.

We have considered the matter and hereby grant the request. The interexchange tariff may be filed at the same time as the local exchange tariff.
